NEW TITLE  Developed with guidance from the National Council for the Social Studies (NCSS) Curriculum Standards for Social Studies, the *U·X·L Encyclopedia of U.S. History* is an essential reference for middle and high school students studying U.S. history from pre-Colonial America to the present day. General readers, university students, educators and scholars also will value the wealth of information available in this eight volume set.

The *U·X·L Encyclopedia of U.S. History* explores the timeline of America — its founders, key historical figures, wars, events, political environment, economy and culture — covering the following eras as defined by the NCSS:

- Three Worlds Meet (Beginnings to 1620)
- Colonization and Settlement (1585-1783)
- Revolution and the New Nation (1754-1820s)

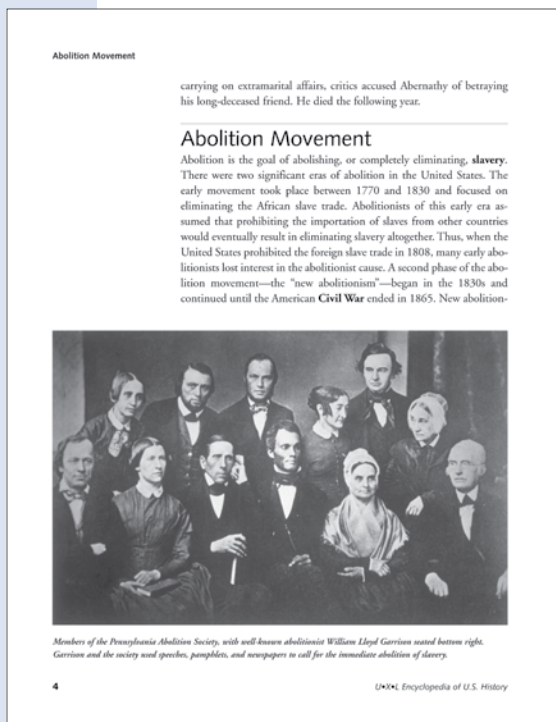

- Expansion and Reform (1801-1861)
- Civil War and Reconstruction (1850-1877)
- The Development of the Industrial U.S. (1870-1900)
- The Emergence of Modern America (1880-1930)
- The Great Depression and World War II (1929-1945)
- Postwar United States (1945 to Early 1970s)
- Contemporary United States (1968 to the present)

Nearly 700 entries in the *Encyclopedia* are presented in an A-to-Z format. More than 450 images and maps complement the text. Additional features include sources for further study and a general index.

A COMPREHENSIVE WORK WITH FASCINATING DETAILS

The information found in *U·X·L Encyclopedia of U.S. History* will captivate readers and help students and researchers see history in a new light. Entries include intriguing insights into:

- People like Ralph Abernathy, the “other side” of Martin Luther King
- Events like Harper’s Ferry Raid, a failed attempt to steal weapons from a federal arsenal and give them to slaves
- Movements like Abstract Expressionism, the first art movement with origins in America

▲ 450 images bring history alive.

The *U·X·L Encyclopedia of U.S. History* gives students an all-inclusive overview of the history of the United States. Bolded terms within entries allow users to search out cross-references to other entries within the set. Sample entries include:
